**DECISION ON
PETITION UNDER
37 CFR 1.47(a)**

This is a decision on the "Request for Reconsideration" filed on 11 April 2002.

BACKGROUND

On 06 March 2002, a decision dismissing the petition under 37 CFR 1.47(a) was mailed because applicants failed to satisfy item (2).

On 11 April 2002, applicants submitted the instant request which was accompanied by, *inter alia*, a declaration signed by the missing co-inventor.

DISCUSSION

In the renewed request, applicants declare that the missing co-inventor contacted the German patent attorney and agreed to sign a declaration for the above-identified application. This signed declaration is included with the instant response. Accordingly, applicants petition under 37 CFR 1.47(a) for an inventor who cannot be located is moot.

However, a review of the declaration signed by Mr. Rump reveals that it is not in compliance with 37 CFR 1.497. Specifically, the inventive entity listed is not the same as the inventive entity listed on the international publication, or the declaration filed 11 January 2002 for this application.

While each inventor need not execute the same oath or declaration, each oath or declaration executed by an inventor must contain a complete listing of all inventors so as to clearly indicate what each inventor believes to be the appropriate inventive entity.

In this case, there is only one inventor listed on page 3 of 3 of the declaration submitted with the instant response and signed by Mr. Rump. Three inventors are listed on the declaration submitted in the above-captioned application on 11 January 2002 and the international publication ("WO 00/49762") for PCT/EP99/09977.

Thus, the declaration submitted is not in compliance with 37 CFR 1.497(a)(3) in that it does not properly identify each inventor.

CONCLUSION

For the reasons above, applicants' renewed petition under 37 CFR 1.47(a) is **DISMISSED** as moot.

Applicants must submit a declaration in compliance with 37 CFR 1.497(a) and (b) within **TWO (2) MONTHS** from the mail date of this decision.

Please direct further correspondence with respect to this matter to the Assistant Commissioner for Patents, Box PCT, Washington, D.C. 20231, and address the contents of the letter to the attention of the PCT Legal Office.
